

DEPARTMENT OF MATHEMATICS

Activity Report

12-Month Period: September 1, 2022 - August 31, 2023

NAME:

1. If you have not already done so, update and return your attached vita and publication list with your activity report. Include all papers which have appeared or are submitted. Give complete references including page numbers. For submitted paper, give the number of manuscript pages. The Salary Committee would prefer you list research papers, "other" papers, and books separately. Most papers appearing in conference proceedings should be listed as research papers. "Other" should include book reviews and papers which are purely expository or purely review.

2. Please describe the focus of your recent research and work in progress. Briefly sketch (in a few lines) your research plans for the near future.

3. Grants. (List proposals submitted even if not funded.)

4. Invited lectures and talks. (Include invitations declined.)

(a) in the time period covered by this report

(i) Invited lectures/short courses

(ii) Invited talks

(iii) Invitations declined:

(b) future invitations

5. Other conferences attended.

6. Local Seminars (list).

(a) Attended
